

**WIRELESS REMOTE START**

**6.25 kVa 5000 Watt  
DIESEL GENERATOR  
REMOTE START**

LDG6000SVWRC LDG6000SVWRC-EU

<b>kVa output:</b>	6.25
<b>Running Watts:</b>	5000 Watts
<b>Noise Level:</b>	68 dBA @ 7ms
<b>Warranty:</b>	2 years
<b>Certification:</b>	ISO9001-2000, GS, TUV, CE, EU Stage V

**i DESCRIPTION**

This new and improved Warrior model boasts increased power and a fully compliant EU5 standard engine, with a brushed copper alternator within that produces a steady motor speed.

It features an Automatic Voltage Regulator (AVR) control system to monitor the output and protect the unit against voltage fluctuations, providing a smoother sine wave.

Enclosed by a soundproof canopy, coated with a chip resistant matt finish, the durable heavy-duty industrial frame provides full protection and aids portability. This silent enclosure has the added benefit of a key start facility and smooth running is further enhanced by the addition of anti-vibration mountings.

A fully fuelled 16 litre tank could easily achieve up to 12 hours running at around 50% load, making this Warrior generator ideal for all sorts of applications such as domestic supply, construction, catering and industrial use with for example power tools & lighting units. As a standby generator it is the perfect product during power cuts and outages, and is even supplied with a Wireless Remote control allowing the operator to start up the Machine while upto 10m away, perfect for those cold mornings on site or from the comfort of your home.

**\*Please note: 110v provides approximately 40-50% lower output (watts) than 240v.**

**FEATURES**

- 110v / 240v AC load
- Up to 12 hours run time at 50% load
- 68 dBA at 7m
- 3in1 Intelli Gauge
- Remote Start
- Wheels for easy portability

**✓ SPECIFICATIONS**

<b>kVa Output</b>	6.25
<b>Max Watts</b>	5500
<b>Rated Watts</b>	5000
<b>AC Load</b>	1 x 110v 32 Amp (UK) 1 x 240V 32 Amp (UK) 1 x 220v 16 Amp (EU) 1 x 220V 32 Amp (EU)
<b>Frequency</b>	50Hz
<b>Engine</b>	474cc Single Cylinder Air Cooled Direct Injection
<b>Fuel Capacity</b>	16 Litres
<b>Oil Capacity</b>	1.1 Litres
<b>Noise Level</b>	68 dBA @ 7m
<b>Start Type</b>	Electric Key Start, Wireless Remote
<b>RPM</b>	3000
<b>Dimensions (L*W*H)</b>	88 x 59 x 73cm
<b>Certification</b>	ISO9001-2000, GS, TUV & CE Approved, EU Stage V
<b>Weight (Kg)</b>	168
<b>Operation capacity (hr)</b>	>12 Hrs @ 50% load
